

WASTING TIME AT TIEN TSIN

Petty Jealousies Detains the Allied Troops From Advancing on Peking.

NOT MOVING BRISKLY

Authorities at Washington are Getting Impatient Over the Dangerous Delay.

STILL NO NEWS FROM PEKING

Washington, July 27.—[Special Telegram]—The dispatch clearing the skirts of the Ninth of looting at Tien Tsin was not the only message received this morning, but several were suppressed. It is understood that Remy reports on the conditions at Tien Tsin and the possibility of an early start towards Peking and the suppression gives an opinion that matters are not moving as briskly as the administration would like. Meanwhile the allied army is believed to be wasting time over petty jealousies. We called at the state department this morning, but said he had received no news today.

Remy Clears the Marines
Washington, July 26.—[Special Telegram]—Admiral Remy cables this morning from Taku: "Col. Maede is sent to the Miao Island hospital, rheumatism. Major Waller succeeds to the command of the First regiment. My obtainable information clears the marines of any imputation of burning houses or looting Tien Tsin."

Li Thinks They Are Safe
Shanghai, July 26.—[Special Cablegram]—Li Hung Chang stated last night that some of the members of the Peking legations might be expected to arrive in Tien Tsin at any moment, reiterating his belief that the ministers were safe, but he possessed no knowledge of the fate of the other foreigners at Peking. The American, Russian, French and Japanese consuls visited Li today, but the others refused to call on him.

DOOMS THE TOWNS BY THE SEA

Russia to Shell the Cities on the Chinese Coast.
St. Petersburg, July 26.—Admiral Skrydeloff, commanding the Russia squadron in Chinese waters, has received precise instruction to bombard the Chinese coast towns immediately on receipt of confirmation of the report of the massacre at Peking.

Hong-Kong, July 26.—The Chinese governor of the island of Hai-Nen has served notice on the consuls that he is not able to protect the foreigners any longer. The American missions have appealed to Consul General Wildman to send a warship to take away the foreigners. It is believed that nine men, women and children belonging to the American Presbyterian board of mission on Hai-Nen have been murdered by Chinese troops. Hong-Kong is full of refugees. An outbreak is expected.

Eighty Russians Killed.
Yokohama, July 26.—Telegrams from Seoul and Chemulpo, report from Russian sources that eighty Russians have been killed by Chinese at A-Tong, twenty escaping across the Yalu river to Jiju (Wiju). Fifty Russians who had been defeated by Chinese arrived at Jiju Sunday en route from Port Arthur to Pyong-Yang. Russian officials have left Seoul for Pyong-Yang.

HOOTED BY SHENG.

Crafty Chinaman Has an Awful Debt to Pay the Angry World.
London, July 26.—All the world now believes that the foreign envoys at Peking have been massacred, and that Christendom is being made the victim of a cruel hoax in the form of a daily message from Chinese sources, stating that they are alive.

With hopes raised to the highest pitch by the Conger message, only to be dashed when the dispatch was discredited, the whole civilized world has been kept in suspense by these official bulletins from China.

In spite of Sir Claude MacDonald's letter to the German consul at Tien-tsin, stating that the envoys were alive on July 4, the British government believes that all have been massacred.

Lord Salisbury says that the letter only tends to strengthen this conviction, and he has very little hope.

Each day since the alleged Conger dispatch was sent out a dispatch has been received at the capital of one of the great powers interested. Each has announced the safety of the ministers. Each dispatch was sent to a Chinese minister and by him communicated to the government.

Every one of these dispatches came from Sheng, the director general of the imperial telegraphs at Tao Tai of Shanghai.

MAYBURY HEADS THE LIST.

Detroit Mayor Nominated for Governor by Michigan Democrats.

Detroit, July 26.—The overwhelming sentiment in favor of William C. Maybury, mayor of Detroit, easily secured him the nomination for governor in the Michigan democratic state convention last evening.

So unanimous was the tender of the nomination that a ballot was unnecessary.

On reassembling at 9 o'clock last night the convention completed the ticket as follows, all nominations being unanimous without ballot:

Lieutenant governor, Judge James G. Randall of Traverse City; secretary of state, John W. Ewing of Grand Lodge; treasurer, Charles F. Sundstrom of Marquette; auditor general, Hiram B. Hudson of Marquette; attorney general, James O'Hara of Benton Harbor; commissioner of land office, Major George Winans of Hamburg; superintendent of public instruction, Stephen H. Langdon of Monroe; member of state board of education, Dr. James McEwen of Mount Pleasant; presidential electors at large, Lawrence Hubinger of Saginaw, Philip B. Wachtel of Petoskey.

Daniel J. Campan of Detroit, was re-elected chairman of the state central committee amid much enthusiasm. The convention adjourned at midnight.

The platform, which was adopted during the afternoon session and prior to the nomination for governor, is built mainly on state issues, and is a general arraignment of the republican administration.

FUSION IN KANSAS STATE TICKET UP

Fort Scott, Kansas, July 26.—After a session held in the rooms of Vice Chairman J. G. Johnson of the democratic national executive committee and lasting far into the night, the conference committee of the populists and democratic conventions made their report on fusion. Both the democratic and the populist conventions were swung into line for the adoption of the report mainly by the efforts of Vice Chairman Johnson who is a strong Bryan man.

By the terms of the report the democrats traded the office of associate justice for that of Attorney general. The populists then named their candidates for governor, lieutenant governor and associate justice. The silver republicans nominated the insurance commissioner, one elector at large and one district elector and the democrats named the candidates for all the other offices.

The following ticket was nominated: Governor, John W. Briendenthal, Lieutenant Governor, A. M. Harvey; Assistant Justice, David Martin; Attorney General, Hugh P. Farrelly; Treasurer, Conway Marshall; Secretary of State, Abe Frakes; Insurance Commissioner, Webb McNall; Electors at Large, R. W. Turner, J. B. Fugate.

STUBBORN BATTLE IN SOUTH AFRICA

London, July 26.—[Special Cablegram]—Gen. Roberts reports a stubborn battle between the British and Boers in Orange River colony. He says Hunter attacked the Boer position south of Bethlehem, July 23rd. After fighting all day the Black Watch captured a hill. The Sussex regiment boldly attacked another hill, but failed to carry the Boer position. The enemy strongly entrenched fought stubbornly, compelling the Highland light infantry to retire.

RIOT RESULTS IN NEW ORLEANS

Mobs Traversed the City All Night and Are Still Abroad Today - Negroes Being Killed.

New Orleans, July 26.—[Special Telegram]—When dawn came this morning and the list of last night's rioting was summarized it was found that two negroes were dead, three fatally injured, twelve men seriously hurt and three whites, all struck with stray bullets.

Mobs traversed the city all night and are still abroad today.

At three o'clock this morning, Baptist Thile, colored, aged seventy-five, was killed and an unknown negro badly shot.

Another negro, unidentified, was also killed.

William Mulligan Killed

Hartford, Wis., July 26.—[Special Telegram]—William Mulligan employed at Eugene Courtney's livery stable was killed by a freight train this morning while attempting to board it. He was 35 years old and came here from Waukesha.

Hanna Has Sixteen Trucks.

Long Branch, July 26.—[Special Telegram]—Mark Hanna arrived at Elberon this morning, where he will make his home in the summer cottage of Franklin Murphy. He brought sixteen trucks.

Hay Luncheon With McKinley.

Canton, O., July 26.—[Special Telegram]—Secretary Hay arrived on a special train this morning and lunched with the president.

ORDER RATHBONE UNDER ARREST

Cuban Postoffice Scandal and Muddle is Growing Every Day.

MANY ARE IMPLICATED

Neely's Shortage Reaches the Vast Sum of \$131,713—More to Come.

WAS NO CHECK ON ANYBODY

Washington, July 26.—[Special Telegram]—Orders were issued this morning by the War department and sent to Havana by cable for the immediate arrest of Estes G. Rathbone, former director general of posts for Cuba, on the criminal charges arising out of the post-office scandal.

The department is determined to probe the matter thoroughly and there is a spirit of resentment discernable among the officials directed against Rathbone who, they feel, has thrown discredit upon the administration in a degree even greater than Neely.

Washington, D. C., July 26.—The postmaster general has made public the report of Fourth Assistant Postmaster General Bristow, who investigated the Cuban postal frauds. Mr. Bristow finds that Neely's embezzlements aggregated at least \$131,713 and says he was justified in recommending the removal of Director General Rathbone. Whether or not the latter was guilty with Neely in the embezzlements, he says, there can be no doubt that in the matter of unauthorized per diem allowances, personal expenses and warrants cashed and unpaid for, he unlawfully appropriated to his own use money of the Cuban revenues. For this, Mr. Bristow says, he believes Mr. Rathbone should be required to answer.

ARMISTICE EXPIRES AT NOON TODAY

Rebels Expected to Make Another Determined Attack Upon Panama Tonight.

Panama, July 26.—[Special Cablegram]—The armistice of twenty-four hours expires at noon today. Both sides lost heavily in the fighting Tuesday night. The foreign consuls are busy trying to prevent a bombardment of Panama by the rebels. It is expected that a determined attack will be made on Panama tonight.

NOW MURDER IN THE FIRST DEGREE

William Humphrey of Watertown, Dies From Injuries Inflicted Upon Him By Tramps.

Watertown, Wis., July 26.—William Humphrey, the Watertown liveryman, who was brutally assaulted at his barn in this city shortly after 9 o'clock last Friday night by two tramps, died yesterday.

After being assaulted, Mr. Humphrey never gained strength enough to give a satisfactory account of how the affair happened, and the police have no clue by which they might be assisted in hunting down the murderers.

Mr. Humphrey was 51 years of age and unmarried. He was a prominent secret society man. He was a 23rd-degree Mason, and belonged to Milwaukee Triple Temple of Shriners, was a member of the Milwaukee consistory, and was also secretary of the Masonic and Odd Fellows' lodges of this city. The people are considerably wrought up here over this murder and nothing will be left undone to hunt down the guilty ones.

FIERCE FOREST FIRES

Deliberately Started by Indians Who are Slaughtering Game.

St. Paul, Minn., July 26.—A Dispatch special from Kalisp, Mont., says one of the worst forest fires ever known in northwestern Wisconsin is now raging in the Swan Lake country on the western part of the Lewis and Clark forest reserve. Gus Mosler, superintendent of the reserve, reports that the Indians deliberately set fire to the timber and are slaughtering the game. He will proceed against the perpetrators. Within the space of thirty miles up and down the river he says that many millions of acres are burning and that it is the finest white pine and cedar on the reserve and that it is almost impossible to estimate the damage. As fast as one fire is extinguished another is set and his rangers are almost worn out. The weather is very hot and dry and the fires spread rapidly.

SCENT VICTORY FROM AFAR OFF

Republican Convention on Aug. 8 Will Attract an Immense Crowd.

PARTY OUTLOOK BRIGHT

Chairman Treat Reports Great Enthusiasm From All Parts of the State.

TICKET IS FAIRLY CERTAIN

Milwaukee, July 26.—J. B. Treat of Monroe, chairman of the Republican state central committee, accompanied by Mrs. Treat, arrived in the city last evening and will remain until today, when both will go to Chicago. Mr. Treat will return to Milwaukee Saturday morning, however, and will remain until Monday, during which time he will complete the arrangements for the Republican state convention, August 8.

"From advices I have received from all parts of the state I am of the opinion," said Mr. Treat, "that we shall have the largest political convention ever held in the state. I expect there will be at least 2,000 delegates, alternates and republicans from the state outside the city here on that occasion."

Enthusiasm Is Intense.

"In addition to this I have received a large number of letters asking me to secure quarters for persons who are coming here from different localities to attend the convention. They want to be here to help swell the enthusiasm. I never knew so much interest to be taken in a state convention before."

"I am not in a shape to give out the name of the temporary chairman of the convention, and can only say at this time that the man whom I have fixed upon will be entirely satisfactory to the convention and to the people of the state at large. I shall leave nothing undone to promote harmony in the party, which I take it is my mission as the chairman of the state central committee. Will I accept a reappointment as chairman? If it is tendered me, yes. That, however, is a subject for the convention to settle."

Whole Ticket by Acclamation

"It rather looks as though it would be a short convention," remarked Lieutenant Governor Jesse Stone, who came in from Watertown yesterday to attend to some private business. "There doesn't seem much room for doubt that it will be La Follette by acclamation, and then it rather looks as though the rest of the ticket would go through in the same way."

"My estimate of the republican majority this year? Well, I see Mr. Payne places it at 100,000. My guess would be between 30,000 and 40,000." While several others in the group were more sanguine by a few thousand, the general opinion was that 40,000 was a conservative estimate.

Plans for Convention Hall.

The Exposition building will be trimmed to some extent with flags and bunting for the national republican convention on Aug. 8, but there will be little attempt for anything elaborate in this line. The big picture of President McKinley which was sent here after the Philadelphia convention will be utilized and then it will be sent to the national headquarters at Chicago. Sergeant arms will open headquarters at the Hotel Pfister, Aug. 6, and here convention badges will be distributed.

Rose Plays a Waiting Game.

Notwithstanding the oft repeated declarations of Mayor D. S. Rose that he is not a candidate for the democratic nomination for governor of Wisconsin many of the leading members of the party in this city are of the opinion that he is playing a waiting game with the hope of securing the prize, if prize it can be denominated.

There are two things that have happened during the past week or ten days that lend color to this position. The first is the fact that Mayor Rose has been working might and main to secure the selection of William George Bruce to succeed George W. Peck as the chairman of the democratic state central committee. It is conceded on all sides that with Mr. Bruce at the head of the democratic organization in this state Mayor Rose would dominate the party.

DOING FINE WORK ON THE STREETS

Cement Curbing and Gutters With Macadam Between Makes an Ideal Thoroughfare.

The work of improvement on South Second street is going on rapidly. Contractor Ryan has placed the cement work in the hands of Contractor Cannon and the combination cement curb and gutter is all that could be desired. The specifications call for a first class job and as Mr. Cannon knows how to do that kind of work the curbing is all that is necessary. The same remark applies to the work on South Jackson street.

EAGLE KILLED, CHILD SAVED

Farmer Shot Bird As It Was Carrying Away His Baby Girl.

Sheboygan, Wis., July 26.—As a great eagle was flying away with his baby daughter, T. Smith, a farmer of Sheboygan Falls, seized his rifle, took quick aim, and killed the bird. The bullet passed close to the child, but did not injure it.

The eagle measured 6 feet and 1½ inches from tip to tip of wings.

While at work Smith saw the bird fly close to his children, and before he could reach them it had seized his daughter Mary, aged three years.

The man secured the rifle and when he fired the child and bird fell to the ground, the child not being injured.

The eagle was the first killed in Sheboygan county in a long time.

MADISON GIRL IS DROWNED

Jennie Rupp, Aged 18, Accidentally Falls Into the Lake.

Madison, July 26.—Jennie, the 18 year old daughter of Anthony Rupp, steward at Park Hotel was drowned a few feet from the pier at the Monona Lake assembly grounds at 10:30 o'clock last night. Miss Nellie Dunn, a stenographer in the employ of R. M. LaFollette, her sister, Miss Fannie Dunn, employed by Attorneys Erdall & Swanson, and Alexander Baas, all three of whom were in the same rowboat with the unfortunate girl, narrowly escaped a similar fate. The body of the drowned girl was recovered shortly after midnight.

ONE OF THE REFORMS LA FOLLETTE WANTS

Australian System of Primaries, Making Organization of Political Machine Impossible.

Milwaukee, July 26.—If a dispatch from La Crosse is reliable, Robert M. La Follette has broken his silence on the question of a combination with the old republican machine. It had been charged that the harmony plan included "no more talk about the wicked corporations," and some consideration for Henry C. Payne, and Mr. La Follette's friends, who are known as reformers above everything, and who do not care very much what people call them, have been anxious for him to deny that he is in league with Payne or anyone else. This he does today, if he is correctly quoted by the correspondent, who says:

"R. M. LaFollette left at noon for Minneapolis and St. Paul and then goes to Pierce county. Regarding the alleged combination between himself and the so-called old machine, Payne and Pfister, he denied that one had been made or existed. Said he:

"The withdrawal of six candidates is something no combination with me has brought about. I am sending from Madison an appeal to the voters of Wisconsin advocating the Australian system in primaries, making the organization of a machine impossible."

"I am not running for governor simply for the salary, as I have been offered better things in Milwaukee. But my ambition is to have placed on the statute books laws which I would rather leave to my little son than all the riches I could amass by this reported combination with the machine."

DROP IDEA OF TICKET

Gold Democrats Decide to Make No Nominations - Independents Hold a Convention in August.

Indianapolis, Ind., July 26.—The national committee of the national democratic party, after several sessions today, appointed a committee on resolutions to prepare an address to the public which was given out late last night. The main interest in the address is the turning down of the third ticket movement.

The committeemen, composed of so-called independents, with T. M. Osborn at their head, who came here to urge the endorsement of a third ticket upon the gold democrats, were given audiences, but to deaf ears, and last night they issued a call for a national convention to be held in Indianapolis on August 15. The independents declare that if the anti-imperialists, who are to hold their convention here August 15, refuse to take them under their wing in a third party movement, they will strike out for themselves and organize a new national party.

IMPROVEMENTS ON MILWAUKEE ROAD

Indications that the Janesville & South-eastern Will Be Through Line to St. Paul.

Waukegan, Ill., July 26.—The St. Paul road is arranging to cut down the grade on its Libertyville branch, preparatory to making it a through line to Janesville. The extension from Fox Lake to Janesville is now under construction.

In reducing the grade a big job will at once be undertaken in cutting down the hill just east of Libertyville. Work will begin this week in laying additional tracks at that point, and 300 men and much apparatus will be employed in the work until winter sets in.

The reduction of the grade will enable the road to make faster time from Chicago to Libertyville and Fox Lake next season, and later on to Janesville and that region.

POWERS WAITING TO GRAB UP CHINA

Paralyzed by Jealousy They Halt While America Negotiates.

WAR LOOMING NEARER

All Expected to Leap on China if Peking Massacre is Confirmed.

FACTS WILL SOON APPEAR

Washington, July 26.—European newspapers and European diplomats assume a superior knowledge of Chinese character and Chinese problems. Probably the assumption is well founded. But if European statesmen, with all their knowledge and experience, have been able to formulate and define any practical policy as to the Chinese crisis the American government has not been apprised of it. If there is any such policy the United States is ready to join in it, to support it loyally and unselfishly.

What the American government does know is that it has made repeated efforts to ascertain the wishes and purposes of the European powers, with a view to co-operating therein, and it has found only caution, waiting while watching rivals, indecision, greed, vindictiveness, and all these things together amounting almost to a paralysis.

Powers Afraid of Each Other.

Today the greatest fear among the powers is that one of their number may at any moment cut loose from the others and seek selfish advantage by declaring war upon China. It is morally certain that if one power does this the others will follow suit within the day, and the final result would be the breaking up of the empire after a most bloody and destructive struggle.

Among the officials and diplomats of the civilized world there exists today a nervous fear that confirmation of the suspicion of the death of the ministers would instantly be followed by a declaration of war by one or all of the powers.

If it comes to this there is a strong probability, almost certainty, that the United States will not join in it. The president can use the army and navy to rescue American property, but congress alone can declare war. It is not believed here the American congress would sanction war upon China under any state of facts now known to exist—even if all the Americans in Peking have been slaughtered. For that war, if it comes, will not be a war for humanity, nor even for justice. No matter what pretense may be brought forward in justification of it, actually it will be a war of spoliation.

Period of Painful Waiting

The world is now in a period of most painful watching. Within a few days, thanks to the American government, the veil should be lifted from Peking. By the end of this week Mr. Wu hopes to have results from his second effort to secure an authentic cipher dispatch from Minister Conger, a dispatch which will be unmistakable as to origin and date.

Within a few days, too, the reply of the Chinese government to President McKinley's note should be at hand. Any failure on the part of the imperial authorities to furnish the world indubitable proof of the safety of the diplomats will lead to the swift and final conclusion that the ambassadors have perished. After that—the deluge.

Have Less Confidence.

There is no disguising that Mr. Conger's letter of July 4, received yesterday from Captain Thomas at Taku, weakens the confidence of those officials who had believed in the authenticity and assigned date of the Conger dispatch of last week. The letter of the 4th is so like the dispatch alleged to be of the 15th that it is feared both were written about the same time. Or, worse still, that the Chinese officials, having Mr. Conger's letter in hand, made up the cipher dispatch from it and put it upon the wires, as a reply to Secretary Hay's cable of the 11th inst.

There is now less confidence than ever before in the trustworthiness of the dispatch of the 15th, but in any event the discussion is unprofitable, because the web is so tangled, an improbability on one side so fairly balances one on the other, that argument leads to nothing. We can only wait and hope.

SHOT BY HIGHWAYMAN

George Larson, a Saloonkeeper, Mortally Wounded by a Robber Who Escapes.

West Superior, Wis., July 26.—About 11 o'clock last night a masked man entered the saloon of George Larson and pointing a revolver at him, demanded his money. Larson immediately made for the robber, who fired two shots, one taking effect in the head and the other in the thigh. The robber then looted the cash drawer and secured \$12 and escaped. Larson will die.

LIFE INSURANCE IN
BADGER STATE

ANNUAL STATEMENT OF COM.
MISSIONER GILJOHANN.

The Increase Over the Previous Year
Was \$148,673—132 Life and Casualty
Companies Operating in Wisconsin
—\$133,959,200 in Straight Life In-
surance Carried by Wisconsin People

Madison, Wis., July 26.—Insurance
Commissioner Emil Giljohann has just
received from the state printer and is
sending out his annual report on the life
and casualty insurance companies oper-
ating in Wisconsin.

The report is a voluminous book of
900 pages and is devoted almost entirely
to statistical tables, showing the indi-
vidual and aggregate liabilities, assets,
income, disbursements, number of old
and new policies and similar information
concerning the different companies that
operated in the state during the past
year, and to the annual reports of these
companies.

The total receipts of the department
during the year were \$388,448.19, of
which sum the fire and marine companies
paid \$121,999.53, and life \$216,610.18,
the casualty and surety \$40,444.43, the
assessment, life, accident and fraternal
\$8,929.40, the hail and cyclone \$179, and
miscellaneous \$85.65. The increase in
receipts for the year was \$148,673.76.

The report says that there were 132
life and casualty insurance companies in
this and other states operating in Wis-
consin during the past year. The life
companies during the period issued
14,008 policies in this state carrying
\$28,497,550 in risks, received
\$5,003,360.07 in premiums and paid
claims amounting to \$1,605,296.47.

The fidelity and casualty companies
wrote risks aggregating \$35,511,265
during the year and received \$471,896.42
in premiums. Of their total losses of
\$195,573.61, they paid \$178,187.32.

In this state the stipulated pre-
mium life companies paid policy
holders \$148,450 and received from as-
sessment \$207,501.61; the assessment
life associations paid \$225,744 and col-
lected \$258,835.25; the assessment ac-
cident associations paid \$61,303.40 and
collected \$107,661.82; the fraternal be-
neficial societies paid \$1,179,811.95 and
collected \$1,273,788.25.

The increase in the number of risks
written by the life insurance companies
was \$13,510,701, making a total of \$133,
959,200 in straight life insurance carried
in these corporations by Wisconsin
people.

The increase in fraternal beneficial
societies risks during the year was \$22,
487.875, making the total value of
policies in the state \$155,888,800.

"My Wife
Became
Anxious."

There is cause for anxiety when a
cough hangs on for a year and can't be
shaken off. The quickest way to relieve
that anxiety is to begin at once the use
of Dr. Pierce's Golden Medical Discovery.
It is a cough remedy, but it is also
a great deal more. In far advanced
stages of disease, when hemorrhages
have been frequent, and there have been
emaciation and weakness, "Golden Med-
ical Discovery" has produced a perfect
cure. It increases the supply of the life
fluid—blood. It cleanses the blood from
impurities, and sends a current of rich,
new blood to build up the weak places
in the body with new life.

The "Discovery" is strictly a temper-
ance medicine, non-alcoholic and non-
narcotic.

"For one year I was troubled with a cough,"
writes Mr. H. E. Curtis, of Sumner, Bremer
Co., Iowa. "As I continued to cough during
the summer, my wife became anxious, and wrote to
Dr. R. V. Pierce for medical advice. A second
letter to us that we could not go to a better source for
advice, and so it proved, as the 'Golden Medical
Discovery,' which was recommended, proved
just the medicine we needed. Dr. Pierce
and his medicines are 'As good as wheat,' as the
farmers used to say."

Bad taste in the mouth is removed by
using Dr. Pierce's Pleasant Pellets.

STATE SHOP AT GREEN BAY

Structure to be Built at the Intermediate
Reformatory.

Madison, Wis., July 26.—The State
Board of Control decided today to build
one of the two shops provided by the
original plans of the intermediate re-
formatory at Green Bay. The structure
will cost about \$30,000 and is to be of
brick with stone trimmings. Its height
will be two stories and its length 250
feet. Bids for its erection will be opened
here Aug. 8.

TO MAKE LIFE SEEM
A GLADSOME DREAM

Philadelphia Man Goes to New York
With a Scheme That Is Full
of Dizziness.

New York, July 26.—An enterprising
person who comes from Philadelphia has
a scheme that's new and full of dizzi-
ness. He will wash you while you wait
and iron you up to date, and send you
spick and span about your business.

William E. Palmer is the name of
the new genius. He is in the city looking
up sights for his new "While You Wait
Laundry," which is going to make life
seem a gladsome dream to the one
shirtdom denizen of the Bowery.

"What I want," said Mr. Palmer, "is
plenty of room. This is the sort of
business which grows rapidly, and I
want to be prepared for growth. Over
in Philadelphia I already have a dozen
establishments, and between you and
me Philadelphia did not need the tub
and mangle half so bad as the Bowery
does. But don't say this aloud."

Mr. Palmer is a philanthropist. He
observed, among other things, that the
average man, the man of the Bowery as
well as of Fifth avenue, likes to be clean
and to have a bit of fresh starch in his
collar.

Putting this and that together, Mr.
Palmer conceived the rapid transit
laundry, into which a man could go
with dirty clothing and out of which he
could step as from a band box.

Laundrying while you wait. Why
not?

One can have his sole tapped or his
bat blocked while he waits; why not his
shirt washed and ironed? The laundry
supplies linen dusters to wear while
waiting for the shirts to be washed.

Mr. Palmer approaches the Bowery
with calm confidence. "My friends
thought I was crazy when I opened my
first laundry in Philadelphia," he said.
"They don't think so any longer."

The Ladies' Home Journal

Four short stories, the beginning of
one serial, and the concluding chapters
of another give the August Ladies'
Home Journal claim to the title of Mid-
summer Story number. There are be-
sides upward of thirty other features:
"College Girls' Larks and Pranks,"
"The Haunted Houses of New England,"
"My Summer With Some Chipmunks,"
"A Missionary in the Great West," by
Rev. Cyrus Townsend Brady, "How a
Girl Can Work Her Way Through Col-
lege," "Conversation and Good Form in
Public Places," etc. Pictorially the
August Journal is made unusually
sumptuous by the work of nine illustra-
tors and by innumerable photographs.
"Through Picturesque America" will
command particular attention, and
Howard Chandler Christy's "American
Girl in Society" is another notable ar-
tistic feature. A waltz, "Golden Pop-
pies," is attuned to the slumberous sum-
mer days and is exceedingly pretty.
From cover to cover the August Jour-
nal is entertaining and attractive. By

GAVE THE FIREMEN
A LONG, HARD RUN

ALARM TURNED IN LAST NIGHT
FROM MONTEREY MILLS.

Corner of the Cement House of the
Janesville & Southeastern Road
Was Found on Fire—The Damage
Was Very Small and \$100 Will
Cover the Loss.

An alarm of fire was turned in from
box 53, located near the Monterey
Woolen mills, at 10:45 o'clock last night,
gave the fire department a long run.

On the arrival of the department, a
small blaze was discovered in one corner
of the cement house belonging to the
Janesville and Southeastern railroad,
located west of the Northwestern tracks
between Western avenue and Claron
street. The building is a board struc-
ture about 20x50 feet, used to store
Portland cement for building the abut-
ments beneath the trestle of the new
road.

The fire burned up one side of the
building and also part of the roof, and
had burned inside some, igniting some
of the bags, in which the cement is
packed.

The fire was soon extinguished by use
of the chemical extinguishers and a little
water. The damage to the building is
small, and the cement was somewhat
damaged by the water. One hundred
dollars will cover the loss. The cause of
the fire is unknown and may have been
caused by a cinder from a passing en-
gine or from a match carelessly drop-
ping among the bags of cement, by some
of the men. Fire out was struck at
11:15 o'clock.

THE STIRK FAMILY

Proud Aristocrats in the Realm of the
Arcon

The famous Stirk family, one of the
great families of The Wallace Shows,
does work that borders on the marvelous.
In truth, some of their attainments are
of such complex difficulties that it fre-
quently passes with little more notice
from the public than their simpler dis-
plays solely because the audience can-
not follow its intricate and perplexing
paradox.

It not infrequently happens that when
a particularly hazardous feat is accom-
plished the strongest and most pro-
nounced applause will come from the
entry wherein the other actors of the
show may invariably be found ranged
as spectators when "the Stirks are on."
This tribute to their genius from their
fellow performers is as unusual as it is
spontaneous, and testifies to their su-
periority more strongly than any eulogy
could possibly do.

When an act can hold the attention
of the actors as that of the Stirks does,
it may indeed be said to be truly great.
At Janesville on Friday, August 3.

SOME FEATURES FOR
THE STATE FAIR

Running Race in Which Milwaukee
Club Men Will Be Jockeys—A
Notable Track Meet.

Milwaukee, June 26.—Another feature
has been added to the programme of the
state fair by Secretary True, who has
arranged for a running race, in which
prominent club men of Milwaukee will
be the jockeys. This contest will take
place on Wednesday during state fair
week, and present indications point to at
least six entries, as representatives of
the Milwaukee, Country, Deutscher, Calu-
net, Carlor, and Bon Ami clubs, while
there is a possibility that the Miloki and
University clubs will be represented in
the race.

The Milwaukee club will send Thomas
Mitten to ride under its colors. Colonel
Falk will represent the Country club,
and Edward Friedman will ride for the
Deutscher club, while the other clubs
have not yet named their riders, although
they have signified their acceptance of
the invitation to participate.

Friday has been named as athletic and
school day by Secretary True, who has
called a meeting of the board of govern-
ors in Milwaukee for next week to formu-
late the plans for the fair to be held un-
der the auspices of the Wisconsin Agri-
cultural society in September.

The track meet will be open to all
amateur athletes of the United States,
and a special programme for the high
schools of Wisconsin is in course of pre-
paration by President Liginger of the
Central association, A. A. U., which will
be issued this week.

All the field events and long runs and
walks will be cut out in order to pro-
vide the spectators with an enlivening
programme, which will include only
relay runs, hurdle events, and short
dashes. Valuable cups of sterling sil-
ver have been selected for the winners,
while those finishing second and third
will receive medals of corresponding value.

A great deal of interest is being mani-
fested in the track meet by Wisconsin
athletes, and one of the largest fields of
entries ever collected for a track meet is
anticipated for the contests, which will
be run off during the fair.

THE BOERS WIN AGAIN.

Surround 200 Welsh Fusiliers—General British Advance.

Cape Town, South Africa, July 26, 10 p. m.—The Boers have again trapped a portion of Roberts' force, and despite all the British could do got away with the prisoners and defeated the party that tried to rescue the British.

The victorious Boers belong to De Wet's force. They lay in wait for a supply train near Rookeville, overturned the train by blowing up a culvert and attacked the guard, consisting of 200 Welsh fusiliers. The Welshmen found themselves in a bad position, from which there was no escape, and surrendered.

The Boers, besides this, have defeated a large force of British at Retief's Nek and compelled them to retreat. The nek was garrisoned by the British a few days ago, and it was not supposed there was any considerable force of Boers in the neighborhood. The latter's attack came in the nature of a surprise, and so determined was the onslaught of the Transvaalers that the British had to abandon their position and retreat. The losses are not known.

London, July 26.—General Roberts has begun his general advance from Pretoria. He marched yesterday to Bronkhorst Spruit. General Hamilton marched to Rustfontein. No details have been received of the incidents of the advance.

EXPRESS TRAIN TIPS OVER.

One Person Is Killed and Fourteen Are Injured.

Benton, Ill., July 26.—The solid vestibule train on the Chicago and Eastern Illinois railroad south-bound, was wrecked two miles north of this place. The entire train, except the engine, turned over. Otto Meinal of Hotel McCoy, Chicago, representative of the Railroad Automatic Scale company, was looking out of a window at the time. His head was caught under the car and he was instantly killed. The injured: Otto H. Blumagen, Chicago, badly lacerated and bruised, having about twenty-five different wounds on body, serious; Gus Chrisman, Chicago, right knee badly injured; B. L. Inhoff, Taylorville, Ill., shoulder and back sprained; Felix Gerber, Newark, N. J., head cut; Orpha Schick, St. Elmo, Ill., back hurt; Frank Craig, wrist broken; Henry Hoffman, Chicago, collar bone broken; C. A. Lee, Terre Haute, Ind., left knee cap broken, right hand cut; Amar Thulstrup, Chicago, right knee badly injured; J. H. Murray, Indianapolis, left knee dislocated; Mrs. J. A. Speed, Chicago, back strained; face and nose cut; Bernice Benson, Chicago, side strained and head cut; Fannie Benson, Chicago, bruised; Miss Eubanks, Springfield, bruised.

Hears a Little Girl's Plea.

Des Moines, Ia., July 26.—John MacDonald, a former resident of Creston, Iowa, while in Montana five years ago killed a man. He alleged he acted in self-defense, but was convicted of murder and sentenced to the penitentiary for life. MacDonald's daughter, now 12 years old, lives at Creston. Knowing that ex-Senator Clark would be at the national democratic convention, the girl raised money enough to buy a ticket and went to Kansas City. She called on Mr. Clark and told her story. He made her his guest and promised to help her. Later, after investigation, he instructed his attorneys in Montana to present the case to the board of pardons. Word arrived that a pardon had been granted, and that MacDonald would be released at once.

Woman's Body Found in a Pond.

Princeton, Ind., July 27.—The body of Carrie Holdscaper, German, 20 years old, was found in a shallow pond near Somerville. The body had the appearance of having been in the water about twenty-four hours. She left her home to pick berries. She failed to return Monday night, and Tuesday night a searching party was organized. Two buckets of blackberries were found near the pond, leading to the discovery of the body in the water. The coroner is investigating.

IT is significant that in homes of wealth where the very best is demanded, Ivory Soap is used in the nursery. At the same time, in hundreds of families where economy decides the choice, Ivory Soap is selected. Thus its purity attracts the rich; its economy attracts the poor. High quality and low cost: is there any better combination?

The tropical portion of Mexico is the point to which men of brains and money are now directing their capital and ability. Anyone by a small monthly payment of \$2.50 or more can secure an annual life income and something to leave a legacy to those dependent upon them for support.

The Isthmus Plantation Association of Mexico have their proposition before the public, and no better offer was ever made to those who wish to invest their savings where it is properly secured. To secure the investors beyond any doubt, the officers of the association have placed all in the hands of the Chicago Title and Trust Company, who is trusted for the investor; no chance for any loss. An investment with this company is as safe as government bonds, and pays much larger dividends. Those who have not already sent their name and address to this association's headquarters for sample of contract and a prospectus giving full and detailed particulars should do so at once, and if you intend to visit the Carnival, Exposition or State Fair, call at our offices and examine samples of Mexican products which will be of interest to you.

Because the people of Janesville know where to buy choice meats. There is no nutriment in poor meat, and badly hung meat is tough. Kammer makes butchering a fine art, by being an expert judge of prime meats, and in knowing the proper way of both hanging and cutting them up. Meats procured from him are the acme of choice succulence.

Darlington Republican-Journal: The Republican-Journal supported Senator Whitehead and we have no apologies to make. He is a big, brainy man and would make an ideal governor. He is a man that cannot be swerved from the path of duty and would fill the office with credit to himself and his constituents. But as the Republican Journal has labored for republicanism for more than forty years, it will not at this time kick over the traces. "Always republicanism" is our motto. Therefore we will not sulk in our tent like an Indian and murmur, "there is another day coming." On the contrary, we will be found on the firing line all through the campaign—supporting the nominee of the republican convention cheerfully, regardless of whom it may be.

Considerable editorial breath is being wasted over the selection of a chairman of the Republican State Central Committee, but the state convention will settle the matter at the proper time, and in the most advantageous way, just the same.

The Hon. Webster Davis is now stumping for Bryan and using, as his own, flowery sentences stolen from a speech delivered by the sainted James A. Garfield. The Hon. Web appears to be a very small potato—too small, in fact, to be worth peeling.

When the work on South Second street is completed, the citizens of Janesville can, in the language of the politician, "point with pride" to the finest street in the city of Janesville.

As Candidate Yerkes of Kentucky, says "The Goebel law is a sample of imperialism, pure and simple." Yet Kentucky democrats favor it while howling against the holding of the Philippines.

The Cubans propose to elect their delegates to the constitutional convention by direct vote of the people. This is the best plan, as the fullest expression of public sentiment will thus be had.

Only three more conventions will be held—the county convention on August 1, and the senatorial and assembly conventions, which have not yet been called.

Superintendents Ross and Throne have rendered excellent service and the fact that they have both been renominated is complimentary to all concerned.

Evanston protests against annexation by Chicago. So does St. Louis, Cleveland, Oshkosh, Kalamazoo and Oskaloosa.

Of course Adlai E. Stevenson is an anti-expansionist—he was a copperhead during the civil war.

Trinity Church Sunday School Picnic

WISCONSIN BANKS ARE PROSPEROUS

Deposits, Loans and Discounts in State Institutions Have Increased Very Largely.

Madison, Wis., July 26.—The semi-annual report of Bank Examiner E. I. Kidd, submitted to State Treasurer J. Davidson yesterday afternoon, shows that the increase of deposits in the 127 Wisconsin private banks from January 2 to July 2 was \$629,023.72 and in loans and discounts \$466,451.74. During the same period the increase in deposits in the 137 state banks was \$482,271.29 and in loans and discounts \$355,009.21. The single savings bank of the state, that at Beloit, reported an increase in deposits of nearly \$100,000.

Since the January report the Wisconsin Marine and Fire Insurance bank of Milwaukee and the German-American bank of Marshfield changed into national banks. New state banks were organized at Belmont, Iron River, Montello and Stanley, and new private banks at Cobb, Glidden, Hillsboro, Orseo, Reedstown, Rice Lake and Westfield.

LONG DISTANCE GOLF DRIVER

Wm. V. Hoare, the Champion, at Golf Links This Afternoon.

Wm. V. Hoare, the champion long distance golf driver of the United States, is in the city and will play an exhibition match this afternoon on the Buckletoe Links against the best ball of two of the club's best players. Mr. Hoare won the driving championship at Baltimore last season, it being an open contest and most of the professionals of the country competing. Mr. Hoare drove the ball in this contest 269 yards. He is in the city in the interests of The Crawford, McGregor & Canby Co., of Dayton, O., manufacturers of golf supplies.

BELOIT WANTS COMPENSATION

No Inter-Urban Electric Line Without Some Pay

Beloit, Wis., July 26.—The promoters of the proposed electric interurban railway and the common council's committee are making little progress in agreeing to condition of the franchise. The aldermen say the promoters seem to have but one proposition and that is that something shall be given the new railway company without restrictions. It is not probable that Beloit will grant a franchise for an interurban line without compensation to the city for the use of the streets.

Send Admiral Dewey.

Advice from Taku indicate that United States interests might be in better hands than those of Admiral Kempff, who is one of the commanders of the American squadron at that port. If we are to believe the correspondent of the London Globe the admiral is in a condition of chronic irritation and unrest because the foreign commanders salute him with only eleven guns. He claims thirteen.

The matter might be of some importance at another time, but it is mighty small potatoes just now, when the American admiral should be absorbed in weightier affairs, than points of naval etiquette.

Dewey should be sent to China. He would get all the guns due him. The seamen Chinese would likewise get a full allowance—double shot—Chicago Chronicle.

Reconciling Royal Differences.

Countess Elemer Lonyay, formerly Crown Princess Rudolph of Austria, nee Princess Stephanie of Belgium, has been granted an interview by King Leopold to take place on her return from Brixen. This reconciliation his holiness the pope aided by his imperial majesty the emperor of Austria, who is much interested in the checkered lives of the newly married pair, has been instrumental in bringing about.

Esperanto Language Succeeds Volapuk.

Esperanto is the name of the proposed universal language which Dr. Zamenhof, a Russian, is said to have invented. Volapuk died a natural death some years ago. Gladstone once predicted that English, which is today spoken by upwards of 130,000,000 people—would be used by 800,000,000 in the year 2000. Inventors of language propose and the world of peoples dispose.

Big Stamp Sale.

What is believed to be absolutely the largest stamp transaction that has ever taken place in the stamp world has just been successfully carried through. M. P. Castle, a Brighton magistrate, and vice-president of the London philatelic society, is said to have sold his collection of European stamps for about \$150,000 to a man interested in the hobby.

Give Your Shoes a Rest.

No pair of shoes should be worn more than once without being set back in the closet for a rest; not, however, in such a way that it will preserve the creases, which thereby become permanent. Instead the shoe is stretched out to fill the trees, every wrinkle and crease disappears, and the shoe remains apparently new and fresh until the day it is discarded.

Illiteracy in North Carolina.

Illiteracy in North Carolina is increasing, particularly among the whites. By the census of 1870 there were 33,111 illiterate white voters in North Carolina; in 1880, 44,420; in 1890, 49,570—an average increase of 800 illiterate voters a year, and a total of 21 per cent of the entire white voting population.

WE MUST REPEAT

When Everybody in Janesville Tells the Same Story.

It is hard to say new things about Doan's Kidney Pills. They cure the lame and aching back, the sufferer from kidney disorders and the troubles of those whose urinary organisms are wrong in its action. That they do this is so easy to prove that not a vestige of doubt remains. Public endorsement of local citizens is easily proven. Read this case:

Mr. E. Dillenbeck, of 126 Milton Ave. retired farmer, says: "My wife is troubled with kidney complaint for four or five years, and complained of pains in the small of the back in the region of the kidneys. The symptoms all indicated that the kidneys were damaged, and the doctors who treated her said that those organs caused the trouble. As she did not get any better we thought Doan's Kidney Pills might give her relief, and procuring them at the Peoples drug store, I had her use the remedy. It did for her all that could be expected and did her a great deal of good. We can recommend Doan's Kidney Pills and you can use our names as saying what has been stated above."

U. S. REGULARS PASS THROUGH THE CITY

ENROUTE FROM HAVANA, CUBA, TO FORT SNELLING.

Part of Gen. George M. Randall's Former Command—They Will Re-cruit in Minnesota and Will Then be Forwarded to Assist in the War in China.

Between nine and ten o'clock this morning two special trains bearing companies A, B, C, D, G and H of the Eighth Infantry, United States regulars, 650 enlisted men besides the officers arrived in this city over the Chicago & Northwestern railroad. The troops are enroute from Havana, Cuba, to Fort Snelling, Minn.

These troops are a part of General George M. Randall's former command. General Randall was assigned to the Eighth Infantry, March 1st, 1894, this assignment being given him when he was advanced from Major to Lieutenant Colonel. As Major he served in the Fourth Infantry.

These troops arrived in New York Monday night after an eight days' voyage on transports from Havana, they were immediately marched from the transports to the trains and started west from New York Tuesday morning under orders to proceed to Fort Snelling to recruit and get in shape to go to China.

Lieutenant Merchant of Company H said that they did not know exactly how long they would stay at Fort Snelling, their stay being governed entirely by the number of troops ordered to the front, but probably not longer than a month or six weeks.

The detachment was under the command of Lieutenant Colonel Ellis. The officers in charge of the different companies being: Company A, Lieutenant Perkins; B, Captain Sargent; C, Captain Perkins; D, Captain Gerhardt; G, Captain Ferrett; H, Captain Parker.

The 1st Battalion is under the command of Major Stretch. The 2nd Battalion Major Pitcher.

The soldiers are a hardy looking lot of men, sun burned and tanned from exposure to the Southern sun, and seemed to be enjoying their trip. Most of them were anxious to get to Fort Snelling and inquired the distance to St. Paul and how long it would take to get there. They were dressed in the regulation khaki uniform with forage hats and leggings.

At the door of every car a sentinel armed with a Krag-Jorgensen rifle was stationed and the men were not allowed to leave the cars, armed sentries patrolled the tracks on each side of the train to see that none of the men slipped off, as they would start for the nearest saloon to buy a bottle of whisky or desert if a good opportunity offered itself.

The special train was made up of two sections each of ten tourist sleeping coaches for the men with a Pullman sleeper for the officers and two baggage cars for the camp equipment, in charge of District Passenger Agent Gibson. The trains were sidetracked at Fellows station and the men put through an hours drill to rest them from their long confinement in the cars.

A large crowd mostly of railroad men collected in the yards to see the soldiers. Numerous applications for cartridges for souvenirs were made to the men. The officers kept close watch but now and then a soldier would hand out a shell on the quiet.

Several of the men made offers to trade blankets for a bottle of whisky. One Irishman, the wit of the car, said he would give his blanket for whisky as he understood the soldiers did not need blankets long after they arrived in China.

The specials pulled out about 10:15 for the north and the men seemed happy to be once more on the way.

P. J. O'BRIEN ENTERS UPON HIS DUTIES

New Assistant Superintendent of the Northwestern is a Pleasant Young Man to Meet.

P. J. O'Brien, the new assistant superintendent of the Wisconsin division of the C. & N. W. R. R. is in the city and has entered upon the active discharge of his duties. Mr. O'Brien is a young man about 30 years of age and is a pleasant gentleman to meet, and although in a new line of service it is not one that he is unfamiliar with. As chief train dispatcher he became acquainted with most of the men on the division so he will not be a stranger to them in his new work.

He is a railroad man of ability and has been in the service for about sixteen years. At one time he assisted his father who was in charge of a section gang on the railroad, by carrying water for them. Then he went into a little station near Chicago and learned telegraphy. His ability as a rapid and careful telegraph operator was soon recognized and he was given a position in the Chicago office as an operator.

Since then his promotions have been rapidly pouring in, considering the slow movement upward of railroad employees in general. From a boy carrying water for almost nothing a day he has risen to a position paying about \$300 a month. He will have charge of affairs over nearly 300 miles of track between Chicago and Green Bay.

FUNERAL OF MORRIS MOORE

The funeral of the late Morris Moore was held from St. Patrick's church at 9:30 o'clock this morning. A large gathering of friends were in attendance to pay their last respects to the deceased. Solemn high mass was celebrated by the Rev. C. F. McBride and Deacon J. J. Collins. The pall bearers were John McBride, Peter McBride, Wm. McBride, John Connors, P. Kavanaugh and Peter Boyle. The interment was at Mount Olivet.

NO MOVING PICTURES.

A strong pressure has been brought to bear by moving picture makers, who are anxious to secure permission to make pictures of the Republican National convention in session, says the Philadelphia North American. Thus far no permit has been granted. All applicants are referred to the insurance underwriters, who invariably refuse their requests, on account of the fact that flashlight powders are necessary in taking the pictures.

CLINTON CARNIVAL AUGUST 15 PROMISES TO BE A SUCCESS.

The Agricultural Exhibit Will be Large—Balloon Ascensions, Races and Parades—An Immense Crowd Expected to Attend—Clinton Social and Personal News and Notes.

Clinton, July 26—The committees in charge of the carnival to be held here on August 15 are doing all they can to make it a great success. Over fifty prizes will be given. The agricultural exhibit is expected to be large. Two balloon ascensions, a ball game, a parade which will consist of bands, wagons trimmed and decorated, pony rides, the ever present calathumpians and other attractions including an exhibition by the fire company. Any of the attractions mentioned are worth seeing. The days will be full and a large crowd is expected.

BADLY WRECKED DELIVERY WAGON

Riverside Laundry Cart Horse Gets Alarmed and Smashes Up Several Things in His Run.

C. J. Myhr, proprietor of the Riverside laundry, is today the owner of a badly wrecked delivery wagon. Yesterday afternoon about 5:30 o'clock, while coming down East Milwaukee street, between East and Wisconsin streets, one of the thills of the wagon broke, letting it run onto the horse, who immediately began to kick, and started to run.

Michael Bradley, who was driving, turned the horse into the high stone wall which lines the sidewalk on the south side of the street at that point. The wagon was overturned, throwing Mr. Bradley out into the street. The horse then started on a run down the street, Mr. Bradley clinging to the lines; but after being dragged for some distance and seeing he could not stop the horse, he let go, the runaway continuing down Milwaukee street to Bluff, where, in attempting to turn the corner south, the horse fell and was caught by bystanders.

The wagon is badly smashed, and will need considerable work to put it in shape again. Mr. Bradley was not hurt, and the horse escaped injury. The Janesville Steam Laundry kindly loaned Mr. Myhr one of their wagons to use until his could be repaired.

Tax Imperial band gave a largely attended open air concert in the Court House park last evening. A number of popular pieces, which greatly pleased the audience, were rendered.

NEWS OF A PERSONAL NATURE

R. J. WHITTON had business in Chicago today.

MISS SHITMAN of Fond du Lac is the guest of Mrs. George Crane.

MISS Mildred Doty is home, after a ten days' outing at Kibbourn City.

MISS SADIE SKELLY has left for a six weeks' visit in New York and Boston.

THOMAS HOLLIS has been added to the force at the Frank George restaurant.

Mrs. Dr. J. P. THORNE and children have returned from a visit to Waukesha.

MISS BRISTLE CLEMENT is visiting her brother Fred and family in Beloit, this week.

Mr. and Mrs. Ogden H. Fethers and wife are expected home Saturday from an extensive trip to Paris and other European cities.

MR. EDWARD COAD of Prayville, Ill., who has been visiting his daughter, Mrs. A. F. Rice for the past month returned home yesterday.

LEWIS RICHARDSON and wife of La Crosse, were in the city today. Mr. Richardson was formerly manager of the Wisconsin Telephone exchange here, and now holds a similar position at La Crosse.

LIEUTENANT Archie McLean of Chicago, is visiting friends in this city. Mr. McLean was first lieutenant in the Second Wisconsin Infantry and served during the entire civil war. He was at the first battle of Bull Run and was personally complimented by Abraham Lincoln for bravery.

MISS LUTIE ATWOOD Whitton left Janesville this morning for Milwaukee where she will enter upon the regular course of the Spencerian Business College. Miss Whitton is the elder daughter of the late E. V. Whitton, is a graduate of our High school of the class of '99, and goes to the college well equipped for the course. Her kindly, winsome ways will be much missed in social circles here.

THE engagement of Miss Edna Johnson daughter of Mr. and Mrs. E. O. Johnson of this city, to Mr. Frank Ranous, son of Mr. and Mrs. C. E. Ranous, is announced. Miss Johnson is one of Janesville's most popular young ladies and has a large circle of acquaintances. Mr. Ranous is a Janesville, boy and is at present holding a responsible position with the C. & N. W. R. R. at Fond du Lac.

JOHN ENRIGHT, son of Patrick Enright of this city, and lately employed to the Atcheson, Topeka & Santa Fe ticket office at Chicago, has resigned his position and joined the regular army for service in China. Mr. Enright has already made a trip to the Klondike country in Alaska, in search of gold. He thinks the army life will suit him better than that of an office.

For Using Abusive Language.

Pat Cullen of the town of Janesville, was before the municipal court yesterday afternoon, charged with using abusive language. The complaining witness was I. T. Connors of this city, who alleged that Cullen called him a liar, a thief and a robber. Cullen plead not guilty and the case was adjourned until Friday, July 27, at 10 o'clock, for trial.

A. HAZY ROCKFORD STORY DEMOLISHED

No Truth in the Report that Rock River Cotton Mills Company Intends to Leave Janesville

The Rockford (Ill.) Register-Gazette of yesterday, in expatiating on the length of a column or more on the superior location of that town for manufacturing purposes, winds up with the following absurd story:

"Another prominent merchant, who would not allow his name to be used, said he thought there was a chance of getting the Rock River cotton mills at Janesville to Rockford. The Graham cotton plant, now in the hands of a receiver, offers tempting inducements for such a transfer. The machinery is first-class, there is a splendid water power, plenty of ground, excellent railroad facilities, in fact every local advantage possible to mention. Rockford is also on the Illinois Central, which runs direct to the cotton belt."

"I have heard it rumored," continued the merchant, "that the Janesville cotton factory people were considering the plan of removal here, and presume, if the proper steps were taken, this industry might be secured. I do not know what obligations they are under to the Janesville people, but should think if they are inclined to bring the industry here, there would be no great difficulty in making things attractive for them in Rockford."

H. H. Waldo, who has charge of the Graham cotton plant, said there were several firms contemplating the purchase of the plant, but he was not at liberty to talk of any of them at present. He was inclined to think that the buildings and grounds would be more valuable for a depot and power house for the new electric roads than for any other enterprise. The property will be sold at private sale if possible, but must be disposed of this fall if it has to go at auction.

Should the Wisconsin cotton factory be brought to Rockford it would not only increase the working population by a nice number, but add materially to the prestige of the city as a manufacturing center. The men who are working to secure the change are not ready yet to publish their plans, but look forward hopefully to their consummation.

The Rock River Cotton Mills people laugh over this far fetched scheme hatched in Rockford. Janesville is good enough for all the purposes of their work, and they have no intention of moving.

Disqualifying English Laws.

Cambridge (England) students in celebrating the victory of Ladysmith's relief used up signs, shutters and furniture belonging to the townsmen for a bonfire. Several were arrested, convicted of theft and fined by the mayor. They have since found out that the conviction bars them out from the church, the law or any other learned profession, and from many other positions as well, but the mayor refuses to take back his sentences.—Chicago Tribune.

\$4,000 WILL KEEP THEM IN JANESVILLE

PROPOSITION MADE BY THE WISCONSIN CARRIAGE CO.

What They Want is For Citizens to Furnish Them a Site For a Good Location and They Will Erect a \$15,000 Plant on the Spot—Subscription Paper Circulated.

A meeting of citizens was held yesterday afternoon to consider a proposition made them by the Wisconsin Carriage company in regard to their remaining in Janesville.

The Carriage Company have settled up their recent loss by fire with the insurance companies and are now in a position to make arrangements as to their future location. The company have received a number of flattering offers from outside parties in regard to locating in the cities represented by them. They are anxious to remain in Janesville if proper arrangements can be made. What they ask, is for the citizens of Janesville to furnish them a site for a building in a good location and they will erect a plant costing from twelve to fifteen thousand dollars and will employ about seventy hands.

The site for the new works will cost about four thousand dollars and if this is furnished by the citizens they will carry out their part of the agreement.

A committee consisting of Mayor Victor P. Richardson, D. K. Jeffris, Sanford Severhill and W. L. Carle were appointed to take the matter in charge and see if he amount necessary to secure the building site can be raised.

The committee have not yet had a meeting and what plan will be adopted to raise the necessary funds is not yet known. The proposition of the Carriage Company, considering the offers they have had from outside cities is very reasonable and should not be allowed to fall through.

The Carriage Company is one of Janesville's growing enterprises and up to the time of their recent loss by fire was doing a large and daily increasing business. Janesville cannot afford to let the plant be removed to some other city as it would make a hole in our manufacturing industries that could not be replaced.

WORKMEN HOLD A PICNIC TODAY

Went Up to Crystal Springs with the Imperial Band and a Very Big Crowd.

The picnic given by the A. O. U. W. at Crystal Springs this afternoon, was largely attended, the steamers carrying large numbers to the grounds on every trip.

The Imperial band was secured for the occasion, and add much to the pleasure of the picnicers. They formed in front of the band rooms, and after rendering a few selections, marched to the steamboat landing. Leo Rooney acted as drum major. The afternoon was perfect, and the picnic was thoroughly enjoyed by the A. O. U. W. and their friends.

Bad Form.

In Russia it is not considered good form for a girl to dance a whole waltz or polka with one partner. Three or four men dance a round or two each with the same lady, returning her to her original partner at the end of the dance.

OSTEOPATHY

Is a comparatively new science, and consists in the treatment of diseased conditions of the body without the use of drugs.

The principle and theory of Osteopathy is very easy to understand when once a satisfactory opportunity is given to be explained.

Osteopathy is applicable to the treatment of all diseases. Indigestion, Torpid Liver, Dyspepsia, Constipation. There are no more common ailments than these, and none respond more readily to Osteopathic treatment. Neuralgia is often relieved almost instantaneously and sufferers from Rheumatism may find relief when all other methods have failed.

SQUADRON WILL OPEN FIRE

When the Massacre Is Proved—The Day's News Covering the Situation in Various Parts of China—Battles and Movements of Troops.

Washington, July 26.—The navy department today made public the mail reports of Rear Admiral Kempff explaining his reasons for refusing to join with the ships of the other powers in the attack on the Taku forts and giving an account of the attack which includes many details not heretofore published.

Admiral Kempff also incloses the report of Commander Wise of the Monocacy, giving a graphic account of the action. Rear Admiral Kempff's explanation for refusing to participate in the attack on the fortifications

ADMIRAL KEMPPF.

of a power with which we were at peace is warmly commended by Secretary Long. Among other things it says:

United States Flagship Newark, Taku, China, June 17, 1900.—Sir: I would state what follows in regard to the happenings previous to the resolve yesterday by other senior foreign naval officers here to get possession of the Taku forts.

1. On Thursday, June 14, Rear Admiral Bruce called and asked what I thought of the matter, and I informed him that I was not authorized to initiate any act of war with a country with whom my country was at peace, that my limit was to protect American interests, both by regulations, and under recent instructions from both the department and from the commander-in-chief of the United States naval forces on the Asiatic station.

2. On the 15th, at a consultation of the other foreign naval officers, it was agreed that the railway station at Tong-Ku should be taken; the railway is under Chinese government control, and in case any Chinese government force acted against force of any foreign nation, all should be involved and act unitedly. Under my instructions I could not join in taking possession of Chinese government property, and did not care to become a party to such an agreement without special authority.

3. Yesterday, June 16, the same foreign naval officers signed a compact that it was necessary to take temporary possession of the Taku forts; and notice was served on the viceroy at Tien-tsin, and on the commander of the forts. Consuls at Tien-tsin were informed of what was contemplated. I did not join in the attack on the forts.

Capt. Wise of the Monocacy had orders to protect American interests, based upon department's orders, but in case of attack by a Chinese government force he was to consider it as a declaration of war and act accordingly. Very respectfully,

LOUIS KEMPPF,

Rear Admiral, U. S. N.

To the Secretary of the Navy, Washington, D. C.

The admiral closes his report by telling the story of how the forts were taken. It in no wise differs from the telegraphic account already printed.

ANARCHY REIGNS IN PEKIN.

Chinese and Boxers Reported Killing Each Other in the Capital.

London, July 26.—Dispatches from Che Foo and Shanghai this morning say that Peking is practically in a state of anarchy. The imperial party, the dispatches say, are in as great danger as are the foreigners, and the regular Chinese troops are continually engaged in battles with the Boxers, who are gradually becoming masters of the situation.

The latest of these advices, up to July 14, is sent to the British officer in command at Tong Ku by the commander of the forts near Taku. General Li's report is that on July 14 the guards defending the British legation had become exhausted. Li also declares his source of information says the guards were using their small arms ammunition very sparingly. Many officers of the Chinese regular soldiery, General Li says, tried to protect the foreigners, but were unable to do so.

The foreign guards made a sortie and rushed the walls, silencing some of the Chinese guns, but the enemy were in overpowering numbers.

11,000 CHINESE KILLED.

Lower City of Tien-Tsin Is Stricken with Rotting Corpses.

Neutsin, July 26.—The slaughter of the past week is dreadful to behold. Among the residences charred corpses are everywhere. Dogs and pigs are feeding on them.

The allies are busy removing the dead. Owing to their great number, many have not yet been buried.

The Chinese, it is said, have lost altogether about 11,000 since the trouble started. Most of them have been killed by Boxers and soldiers. The number is probably exaggerated.

The streets throughout the city are strewn with all kinds of articles, and dozens of Chinese are digging in the ruins for money and other valuables.

Most of the things which are intact or little damaged display the flags of one or the other of the allied forces, the Japanese and French flags predominating.

There have been many attempts to imitate the flags, which under other circumstances would be laughable.

TROOPS OFF TO COAST.

Fifteenth Infantry to Embark for Taku—Cuban Soldiers Arrive.

New York, July 26.—Only a few sorrowful women and groups of grimy men from the shops, who waved their dinner pails, watched the third battalion of the Fifteenth Infantry ride out from Communipaw in the Lehigh Valley yards yesterday in three sections on their start west to embark with the rest of the regiment for China. There was little response from the soldiers aboard the cars.

Six companies of the Eighth Infantry, just from Cuba, were landed this morning from the transport Crook.

The Fifteenth goes direct to San Francisco, where a transport will take it to Taku. The Eighth Infantry's immediate destination is Port Snelling, Minnesota, where it will recruit for foreign service and then proceed to the coast.

After a consultation of experts his condition was declared critical.

SUFFERING AND RELIEF

Three Letters from Mrs. Johnson, Showing that Lydia E. Pinkham's Vegetable Compound Cures the Ills of Women

Wrote for Mrs. Pinkham's Advice November, 1897

"DEAR MRS. PINKHAM:—I am a great sufferer, have much trouble through the lower part of my bowels, and I am writing to you for advice. Menstrues are irregular and scanty, am troubled with leucorrhoea, and I ache so through my back and down through my loins. I have spells of bloating very badly, sometimes will be very large and other times very much reduced."—MRS. CHAS. E. JOHNSON, Box 33, Rumford Center, Maine, Nov. 20, 1897.

Improvement Reported December, 1897

"DEAR MRS. PINKHAM:—I wish to tell you that I am improving in health. I am ever so much better than when I wrote before. The trouble through the lower part of bowels is better and I am not bloated so badly. I was very much swollen through the abdomen before I took Lydia E. Pinkham's Vegetable Compound. I still have a feeling of fullness across my chest. I have used three bottles of it and am on the fourth."—MRS. CHAS. E. JOHNSON, Box 33, Rumford Center, Maine, Dec. 13, 1897.

Enjoying Good Health June, 1899

"DEAR MRS. PINKHAM:—Since a year ago I have been taking your medicine, and am now strong and enjoying good health. I have not been so well for three years, and feel very thankful to you for what Lydia E. Pinkham's Vegetable Compound has done for me. I would advise all who suffer with female troubles to try your medicine."—MRS. CHAS. E. JOHNSON, Box 33, Rumford Center, Maine, June 1, 1899.

WOMEN LEAP TO THEIR DEATH

Four Are Killed at a Chicago Fire.

NO FIRE ESCAPES PROVIDED.

Victims Find Themselves in a Veritable Trap—Smoke and Flame Drive Them from Upper Windows—Mrs. McLaughlin's Thrilling Fall.

Chicago, July 26.—Four women were killed and eleven persons injured, the result of a fire at 125 Dearborn street. The dead: Mrs. Ellen McLaughlin, 48 years old, 904 Armitage avenue, employee of Cobb Shirt company; Isabella Koehler, 17 years old, 284 Burling street, employee of the Windsor company; May Koehler, 16 years old, 284 Burling street, employee of the Windsor company; Grace Pettersen, 17 years old, 467 Wells street, employee of the Windsor company. The injured: Albert Phelps, foreman for the Windsor company, face and arms badly burned; Myer Landsman, jeweler, face scratched; Maylon Groat, employee of the Windsor company, badly singed; Adam Linck, 49 Pearson street, overcome by smoke; Etta Munsell, 390 Webster avenue, employed by the Cobb Shirt company on the fourth floor, burned about face and hands while escaping downstairs with her sister; Harry Thompson, burned about head and face, hair and eyebrows singed, employed by Windsor Shirt and Collar company on the third floor; J. E. Kirby, 913 Robey street, employee of Mason & Co., cut about face and body and left arm burned; William Whitehead, shirt cutter, face cut by falling glass; Albert Kennedy, 2910 Cottage Grove avenue, right hand badly burned; Catherine Brannigan, 938 W. 12th street, head cut and hair singed.

Caused by an Explosion. The muffled roar of an explosion, followed by showers of falling glass and clouds of yellow smoke from the upper floors of the building arrested the currents of humanity in the thoroughfares below till the intersection of Dearborn and Madison streets was congested with people looking up at the windows, where blanched-faced women, caught in a death-trap by sudden fire, looked in vain for rescue and shrieked for help while the crackling flames swept out above their heads. There were no fire escapes. A moment after the first explosion the roar of flames drowned the voices of the women at the windows, who, with the desperation of despair, crept upon the ledges that crossed the front of the building at each floor. Facing the street and clinging by finger-nails to the bare walls behind them a dozen girls, employees of the Windsor collar factory, edged their way along the narrow ledge toward the adjoining building at the north, where a bay window, open and within a step of the ledge, promised safety to those who might reach it.

In Perilous Quest of Safety.

Men followed the adventurous girls. A stout woman with gray hair, trembling and weeping, joined the creeping frieze upon the smoke-covered ledge. An excited man followed her. Inch by inch they neared the window of Isaac Lichtstern, the breathless crowd below watching them in helpless ecstasies till more than twenty disappeared in safety. Then the gray-haired woman shrieked till her voice was heard above the clang of the fireengines and the hiss of steam engines. Within a yard of the window where William Turnquist, a tailor, stood ready to seize her, she lost her footing, grabbed wildly at the walls and fell to the stone sidewalk fifty feet below. Thousands of men groaned as they turned their eyes away from the sight, while others watched the man who had followed the woman along the ledge as he leaped to safety as she might have done. Policemen and firemen rushed to the rescue, but the woman was dead when they lifted her crushed body from the sidewalk.

Girls Fall to Their Death.

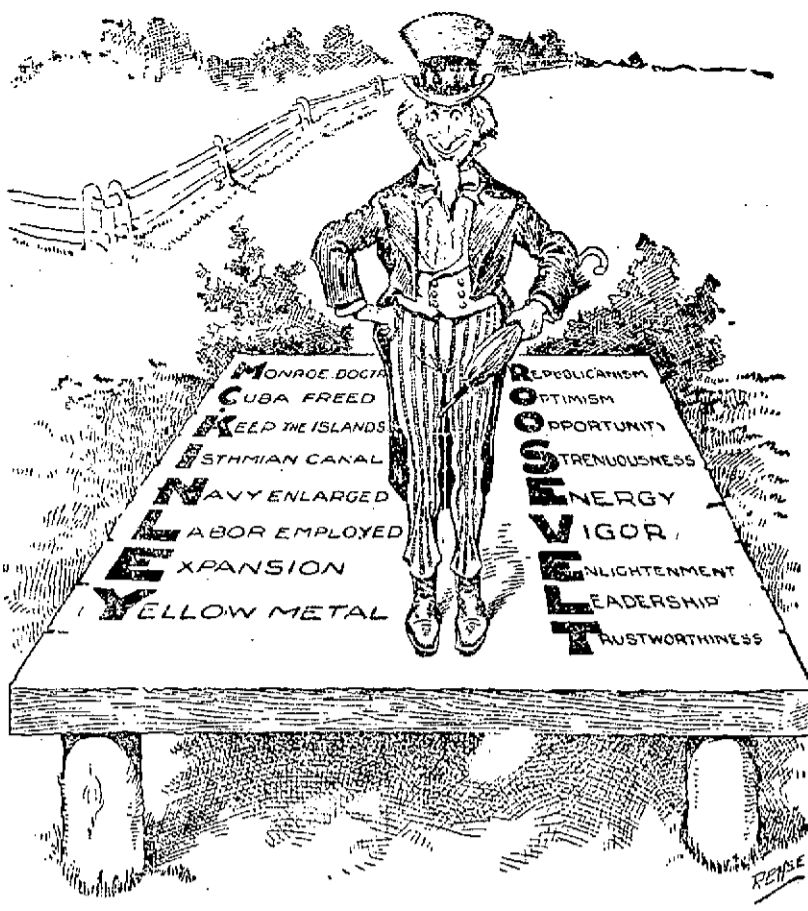

At the rear of the burning building scenes more terrible, but with few spectators to witness them, were enacted. Within five minutes after the first explosion three girls with clothing blazing, fell in helpless heaps into the narrow court at the rear of the structure.

Property Loss Only \$14,500.

The financial damage by fire and water to the building and stocks will not exceed \$14,500, with insurance aggregating \$57,000. Chief Swenie did not regard it as a dangerous blaze at any time. The absence of fire escapes at the rear of the building is directly responsible for at least two of the deaths in the 6 by 10 area at that end of the structure.

Passengers Saved by Engineer.

Chicago, July 26.—Hundreds of passengers on the Wabash vestibule limited train for St. Louis narrowly escaped death by drowning in the Kankakee river. The catastrophe was averted by the rare presence of mind of the engineer, Thomas Ingram, who is now lying in a cot in a ward at the Mercy hospital, this city, suffering from a fractured leg. A driving wheel of the engine broke, and Ingram reversed the lever and jumped. The passengers on the train did not realize their danger until all peril had

RIOTING AT NEW ORLEANS.

Serious Anti-Negro Uprising Disturbs the Crescent City.

ONE DEAD; MANY WOUNDED.

Only Lack of Leadership Prevented Wholesale Lynching of Colored People—Many Acts of Depredation—Lynchings Averted.

New Orleans, July 26.—There was rioting for three hours, as a result of which one negro is dead, a white newsboy is dying, six negroes are in the hospital badly beaten and wounded and several white persons are suffering from injuries inflicted by stray bullets during the excitement. The casualties so far reported are as follows: Killed: Unidentified negro. Injured: John Deeds, white, aged 23 years; shot in both hands; Charles Moyle, white, laborer, shot in the knee; George Morris, colored, badly beaten; Isaac McMahon, white, aged 15 years, shot in thigh; Alex Ruffin, colored, bruised and beaten; T. B. Sanders, colored, cut and bruised; Daniel White, colored, badly bruised.

Mob Bent on Lynching.

The mob was formed for the purpose of lynching the negro Pierce, who was with the missing murderer Charles on Monday night and who shot Officer Mora. In the fight with these negroes Captain Day and Officer Lamb were killed. A mass meeting was held near the union depot at 8 o'clock, at which inflammatory speeches were made, those who tried to counsel moderation being howled down. Then the crowd marched up St. Charles avenue firing pistols and beating negroes, and out Washington avenue to Douglas Square, near the scene of the murder of Captain Day. By this time the mob had been increased to about 2,000. Speeches were made and the crowd started for the parish prison, chasing negroes out of Poydras market, and helping themselves to pistols from the second-hand stores in Dryades street.

Mayor Makes Quieting Speech.

At the parish prison they were received by acting Mayor Mehl, ex-Mayor John Fitzpatrick, about fifty officers, Sheriff Klock and forty armed deputies. Mehl and Fitzpatrick made pacifying speeches, and the police told the crowd to move on, and they proceeded to Storyville.

The police had been stationed in all negro sections and kept the dwindling crowd moving, but at the corner of Custom House and Villier streets a negro employe of a tenebris restaurant was killed. About this time most of the men, who at no time had any real purpose beyond the terrorizing of the negroes, began to go home, and the crowd of boys that remained split up and marched through different streets, making a good deal of noise, but doing little damage. There were, however, many acts of depredation. The principal one was the breaking into and rifling of a second-hand store. Pistols and ammunition were taken, to which the owner made no objection, but when he protested against the seizing of jewelry and sundry other articles, he was set upon and very badly beaten. The result is that his wife, who was in a delicate condition, will probably die.

Chinese Not Molested.

The street car lines managed to have inspectors wherever the mob was apt to cross a line and forced negroes to leave the cars. It was well they did, for cars were searched for the blacks. Singularly enough, the mob passed a dozen laundry shops, in which industrious Chinamen worked away, without so much as a moment's pause, and not an overt act was committed against them. There seems to have been no leader at any time, and the authorities refrained from dispersing the mob only because it was feared a fight might ensue that would result in more bloodshed than would result from merely keeping them moving. About midnight the streets were quiet again, the last of the marauders having held up the street cars for transportation to their homes. A railroad man named Scott was active in urging on the crowd and he may be arrested for inciting riot.

Honors for Prof. Breasted.

Berlin, July 25.—Prof. J. H. Breasted, the well-known teacher of Egyptology, in the University of Chicago, has been appointed by the emperor of Germany to superintend the publication of an Egyptian dictionary. Some time ago the emperor, out of his private purse, allowed a considerable sum for the publication of this work, which it is expected will take fifteen years to complete. With the aid of the new lexicon, students of Egyptology will be able to study the hieroglyphics in the various museums throughout the world. Prof. Breasted has been appointed for one year at present.

Lawyer Commits Suicide.

Wichita, Kas., July 26.—Herbert B. Stimpson, a lawyer and prominent criminologist of this city, committed suicide. He shot himself in the head. He had just been arrested, charged with embezzling \$625 given him by a client to quit a title to real estate. He had been decorated by King Humbert of Italy for scientific works. He won the cross of the Legion of Honor by blowing up the gates of Dahomey.

Mme. Janauschek Better.

New York, July 26.—Mme. Janauschek, the actress, who was stricken with paralysis a week ago, is improving steadily and will be out in two weeks, it is said. She is in her 71st year.

MCKENZIE LODD TESTIFIES.

Gov. Taylor's Private Secretary Gives Evidence in Goebel Case.

Georgetown, Ky., July 26.—McKenzie Lodd, who was private secretary to Gov. Taylor, testified in the Goebel case that he had seen Gov. Taylor in conference with Powers, Cullton, Finley and others frequently. He saw Youtsey in the governor's private office twice, doing some stenographic work. Witness did not know why Youtsey was doing this work, as the governor had a stenographer of his own.

He saw Caleb Powers and Youtsey together Jan. 30. Later the same day witness saw Youtsey come into the general reception room of the governor, carrying a gun. Youtsey took a position by a window and later went into the office of the secretary of state, where he knelt down by a window, pointing the gun out of it. Powers asked witness to get him out of the room. Witness left the room, leaving Youtsey and Powers in the room together. On Monday following Powers came to witness and told him Youtsey was outside and wanted admission to the office of secretary of state. Powers said Youtsey acted so peculiar that he did not want him around, and then asked witness to go out and get him away. On Saturday, prior to the assassination, witness saw three guns in the office of the secretary of state. Youtsey called attention of the witness to them by removing a plank under which they were concealed. Youtsey said: "Powers claims to be a brave man, but he hid his gun."

IN JAWS OF DEATH.

Thrilling Experience in Windage Basin of Drainage Canal.

Joliet, Ill., July 26.—Drawn into the maelstrom of the great windage basin of the drainage canal at Lockport, carried twenty feet beneath the surface in the whirlpool; rising again, only to be caught by the fatal current that was pouring hundreds of thousands of cubic feet of water into the valley below, and hurled through the great sluice gate opening with the rapidity of an express train, and carried 200 feet through the foaming rapids of the open channel, to be finally rescued alive and in a fair way to recovery—this was the hair-raising experience of Peter Smith of Joliet, who took the perilous trip. Michael Ryan, who is superintending the works, and his assistant, John Herman, escaped the same perilous journey by the narrowest margin. Smith is the first person to go through the roaring whirlpool and live to tell the tale. Like "Bowser," who shot the rapids of Niagara, he does not desire to attempt another journey such as he had here.

Hoboes to Hold a Convention.

Mason City, Ia., July 26.—Dritt is to have a novel convention Aug. 20. It is the second annual convention of the National Society of Hoboes or "Tourists' union," and the "weary Willies" are already making preparations to be present from all over the United States. "Onion" Cotton of Danville, is president, and Charles F. Noe of Syracuse is head piper. A special boxcar will bring a delegation from Chicago. The burton worn by the members always invites a query as to what the organization is. A lot of young men in Illinois conceived the plan of forming a union in a spirit of fun. Forming a set of by-laws, they bought the buttons, advertised the tourists' unions as a congregation of tramps for mutual benefit and improvement, the only admission fee being 10 cents for a button. An applicant for membership must be willing to "panhandle a dockie"; he must prefer to ride a brake beam to a palace coach.

Fifteen Die on Seal Islands.

Washington, D. C., July 26.—Capt. Shoemaker, chief of the revenue cutter service, has just received a dispatch from Capt. Cushing of the Rush reporting deaths from a disease resembling the grip, which prevails in the Seal islands in the Bering Sea. The dispatch is from Dutch Harbor, Unalaska, and says:

"Rush arrived at Dutch Harbor from eleven day's cruise around Seal islands. Fifteen deaths.—St. Paul, seven; St. George, eight. Special Treasury Agent Morton dying."

Special treasury agent Morton is a son of former Governor Morton of Indiana. Capt. Shoemaker has received also a telegram from Capt. Roberts of the Manning, who reports the death of Engineer Noonan of apoplexy.

State department officials said protests of Porcupine miners cannot be considered now, as present survey of Alaska-Canada boundary is specifically temporary.

Important discovery of ancient ruins in New Mexico.

Peaks in the Plant World.

There is a plant in Jamaica called the life plant, because it seems almost impossible to kill it. When a leaf is cut off and hung up by a string it sends out white, threadlike roots, gathers moisture from the air and begins to grow new leaves. In South America is a flower which can only be seen when the wind is blowing. The plant belongs to the cactus family, and when the wind blows a number of beautiful flowers protrude from little lumps on the stalk.

Purchases a Newspaper.

George T. Oliver of Pittsburgh, Pa., recently a candidate for congressman-at-large, has purchased the Commercial Gazette, once the stalwart republican paper of that section of the state. The paper will remain republican in politics, but will not support any particular faction. The paper has been a Quay organ. Its cost to Mr. Oliver is nearly a half million dollars.

Wires Need Sunday's Rest.

Metals get tired as well as human beings. Telegraph wires are better conductors on Monday than on Saturday on account of their Sunday rest, and a rest of three weeks adds 10 per cent to the conductivity of a wire.

Wages in Cuba.

The keeper of the pay roll on a large estate in the southern part of Cuba says: "The average payment per man per month for February was \$14.01. Spanish gold, and this month it will average from \$1.50 to \$1.75 higher. Besides the payment in coin, the men are housed and fed at the expense of the estate. The food for each man costs the estate \$9, Spanish gold."

Slow Work.

"Marfa, you let that young Bobster stay last night until 1 o'clock." "But, mamma, you told me I must give him time to propose." "But five hours!" "Why, mamma, you know he stutters."—Cleveland Plain Dealer.

Jones and Trust.

Perhaps Senator James K. Jones of Arkansas, chairman of the Democratic national committee, can enlighten the people as to the evil effects of trusts. He has for a long time been a member of the cotton bale trust.

McKinley Farmers.

From one small township in Kansas five farmers have gone to the Paris exposition and taken their families along. They all say they will be back in season, though, to vote for McKinley.—Oswego (N. Y.) Times.

Sultan Gathers Fortune.

A veritable fortune, it is said, is being gathered for the sultan of Turkey from the wrecks of the battle of Chesnie, near Smyrna. Since 1770 a number of Russian and Turkish ships have rested at the bottom of the sea. These are now being investigated, and the ship of the Russian admiral alone has yielded an amount equal to over \$50,000 in coin, besides silverware and jewels.

Buchanan, Mich., May 22.

Genesee Pure Food Co., Le Roy, N. Y.: Gentlemen:—My mamma has been a great coffee drinker and has found it very injurious. Having used several packages of your GRAIN-O, the drink that takes the place of coffee, she finds it much better for herself and for us children to drink. She has given up coffee drinking entirely. We use a package of Grain-O every week. I am ten years old and love it. Yours respectfully, FANNIE WILLIAMS.

FRENCH FRIED POTATOES.— Pare six small potatoes and throw into cold water. Let them remain there an hour. Have a kettle of boiling fat ready. Cut the potatoes into quarter inch strips and dry quickly with a towel to prevent discoloring and throw into the fat at once. Have a colander in the oven. When the potatoes are a light brown and rattle under the skimmer, remove them and drain on brown paper. Then place them in the oven to keep hot while the others are being fried. Just before serving sprinkle lightly with salt and serve hot.

Pacific Air Is the Best.

Studies of the zodiacal light made at sea lead F. J. Baylson, formerly of the British navy, to remark that the air over the Pacific ocean appears clearer and better adapted for celestial observation than that lying over the Atlantic ocean. Honolulu is admirably situated for clearness of air and it may become an important outpost in astronomy. It has already been selected as one of the chief points for the study of the vibrations of the earth.

Some Facts About Friday.

Columbus sailed from Palos on a Friday; discovered America on a Friday; the Mayflower arrived at Provincetown on a Friday; Bunker Hill was won on a Friday; Cornwallis surrendered on a Friday; Lincoln was shot on a Friday; Marat was killed by Charlotte Corday on the 13th; the French occupied Madrid on the 13th; Napoleon surrendered at Sedan on a Friday; France declared war against Prussia on a Friday; China asked Japan to stop the war on a Friday.

Rag-Time Aroused Americans.

At the first performance of Sousa's band, in the American section of the Paris exposition, the enthusiasm of the great audience of Americans that gathered to hear it did not break all bounds until the "Cake Walk" and other rag-time pieces were played. Then the American colony became delirious. The Frenchmen present couldn't understand it.

Guano Poachers' Severe Experience.

Guano poaching has no more charms for the five men who were left on Elido Island by the Mexican gunboat Democrata, and had the alternative of starving or risking their lives in a small boat to reach the mainland. One of them arrived at San Diego a week ago, after a tramp of 600 miles.—New York Post.

When the Hair Falls Out

swollen glands, aching muscles and bones, the disease is making rapid headway, and far worse symptoms will follow unless the blood is promptly and effectually cleansed of this violent destructive poison. S. S. S. is the only safe and infallible cure for this disease, the only antidote for this specific poison. It cures the worst cases thoroughly and permanently.

My Condition Could Have Been No Worse.

I contracted Blood Poison in the fall of 1897. I suffered severely from rheumatic pains in my throat and mouth, my body was almost covered with copper colored spots and offensive sores. I suffered severely from rheumatic pains in my shoulders and arms. My condition could have been no worse; only those afflicted as I was can understand my sufferings. I had about lost all hope of ever being well again when I decided to try S. S. S. but must confess I had little faith left in any medicine. After taking the third bottle I noticed a change in my condition. This was truly encouraging, and I determined to give S. S. S. a thorough trial. From that time on my improvement was rapid. S. S. S. seemed to have the disease completely under control. The copper colored spots and ulcers healed and I was soon free from all signs of the disorder. I have been strong and healthy ever since.

PRESIDENT A. S. RALPH
OF COLUMBUS, WIS.

The Wisconsin State Photographers' Association Selected Officers

Yesterday.
Milwaukee, July 26.—The Wisconsin Photographers' association held a meeting of their own yesterday before the national association got together, and elected these new officers:

President—A. S. Ralph, Columbus.
First Vice-President—J. F. Denninger, Neenah.
Second Vice-President—Otto Linko, Milwaukee.

Secretary—W. T. Ross, Appleton.
Treasurer—Fred Curtis, Madison.

The association decided to endorse the national ticket presented by the nominating committee provided H. S. Klein of Milwaukee, be made vice president. And so far as Wisconsin is concerned, Detroit will be the next place of the convention meeting, the association having promised to endorse that city, which has a big following. The meeting of the Wisconsin association was held at the St. Charles hotel.

The National association had one of its best sessions this morning. It was called to order an hour late again, but nobody minds that, because there is so much to be seen before the meetings open. New exhibits have arrived, and new people have come. The estimate of the attendance made by President S. L. Stein this morning was 3,500. Up to today 650 new names had been added to the membership list. That is a big advance over the Chautauqua in crease in the association, and the western photographers are telling one another that they all ought to have met out here long ago.

White Ants Eat Wood.
The white ants of Manila are fond of wood. They bore holes from the outside, enter in thousands, and eat articles of furniture until little is left but mere shells. Sometimes they devour the legs of a chair, so that when a person sits down the chair crumbles under him and he suddenly and ungracefully lands on the floor.

A \$50,000 Book.
The highest price ever paid for a single volume was \$50,000. It was for a vellum missal which was presented to King Henry VIII by Pope Leo X. The missal was accompanied by a document making King Henry the defender of the faith. It is now in possession of the German government.

A Crowbar Would Have Done.
"Really," exclaimed the waitress in Mrs. Starvem's boarding house, who had seen better days, "we never furnish a knife with pie." "No?" remarked the new boarder. "Well, then, bring the ax."

Civilization of Africa.
The civilization of Africa goes on apace. A British steamer sailed from Hamburg a few days ago with 1,000 tons of spirits on board for Lagos and southern Nigeria. Another steamer, sailing from the same port, carried double that quantity. The spirits consisted of bad gin and worse rum, and the trade is principally in the hands of a few big English and German firms.—New York Tribune.

FLETCHER BROS.,

Opera House Block.

Broken Lot Sale.

It has been our custom, after the Fourth of July, to go with a determination to clean up all remaining summer styles. We found it the most paying, rather than have accumulations to carry over. We have arranged in different lots, in both men's and women's, regardless of make, a goodly variety of the best styles to be found anywhere. Cost is all we ask for some; others way below. These are mostly tans—just what the season calls for.

SPENCER, "THE NEWEST."

THE WIDE AWAKE
The Presidential Fight

Is now on. Who'll win? We can't say. Whatever your politics are you'll agree with us that THE WIDE AWAKE deserves to win. A store which makes such reductions on goods just when you want them most. Why do we do it? Oh! it is simply another illustration of our motto:

Good Quality, Honest Quality:
Sell Cheap, Sell a Heap;
And Keep Eternally Driving At It.

BELTS.

All this season's goods, to be closed out at 25 per cent. less than regular prices.

Patent leather Pulley Belt, fancy rings, regular price, 50c; now... 38c
Leather embossed Pulley Belt, were cheap at 48c; now only... 36c
Fancy Leather Belt, harness or leather buckle, several colors to select from; while they last, only... 20c
All others reduced in same proportion.

FANS.

Our immense stock has been so reduced that we have decided to close out the remaining odds and ends. You can still find some very pretty ones for very little money.

All 5c Fans, now...	4c
" 10c " " " " "	8c
" 20c " " " " "	16c
" 25c " " " " "	20c
" 48c " " " " "	39c

STRAW HATS.

Only a few left of our big stock. These must be closed out at once.

Children's 25c Hats, now...	18c
" 50c " " " " "	35c
Men's 15c Sun Hats, now...	10c

TAN SHOES

We're proud of our Shoe department. Of course, we expected to sell our share of the Tan Shoes this season, but we did not imagine it possible to sell the quantities we have. Proves our motto a good one when applied to Shoes.

Have YOU Examined Our Goods and Prices?

That's all we ask. Your good judgment will do the rest. In order to make room for full stock we make the following reductions:

Men's \$3.50 welts, vici kid or willow calf,	reduced to...	\$2.50
Men's Shoes, willow or Russian calf, newest shades of tan; cheap at \$3;	now...	\$2.15
Women's fine kid tan Shoes, fancy vesting tops; regular price, \$2.98;	now...	\$2.15
Women's fine kid Shoes with or without vesting top; regular price, \$2.25;	now...	\$1.65
Women's \$1.98 tan kid Shoes.	...	\$1.29
1 50 and \$1.75 Oxfords.	...	\$1.20

MEN'S DRESS SHIRTS.

LOT 1—Light colors, pretty designs, 2 collars, laundered; only 50c
